FLASH 201W
DATASHEET

The FLASH 201W is a **high-impact indoor audience blinder and strobe** designed to bring intense energy to stages, clubs, and entertainment installations. Powered by two 100W Warm White COB LEDs with a 3200K color temperature and a **wide 40° beam angle**, it delivers a classic, punchy glow backed by a 50,000-hour lifespan. Beyond its standard blinding and electronic strobe capabilities, the fixture features independent 2-zone control, allowing users to create dynamic chase and pixel-mapping effects. Built into a sleek, 4.5 kg black aluminum IP20 housing, it offers seamless integration via versatile control modes (2 or 6 DMX channels, Sound Active, Master-Slave, and Auto Run), linear dimming, and professional Power-Con and 3-pin XLR In/Out connections for easy daisy-chaining.

SOURCE

Light Source	• 2 x 100 watts LED
LED Life Expectancy	• 50,000 Hrs
Color Temperature	• 3200k

OPTICAL SYSTEM

Beam Angle	• 40°
------------	-------

DYNAMIC EFFECTS

Dimmer	• Linear adjustment
Strobe	• Electronic strobe
	• 2 zones control

CONTROL & PROGRAMMING

Control Channels	• 2, 6 CHs
Control Protocols	• DMX, Sound, Master-Slave, Auto Run

ELECTRICAL
