Showline SL PUNCHLITE 220

The SL PUNCHLITE 220 is a high performance luminaire, delivering a powerful blended beam. Rated for outdoor use, the PUNCHLITE is ideal for large outdoor stages and permanent outdoor applications.

The innovative and large motorized zoom range of 8-40 degrees delivers flexibility to your lighting design. Highlight performers, objects or building elements with a narrow shaft of light, or flood a wide area with a powerful wash of colour.

Configure the PUNCHLITE remotely via RDM, or locally through the comprehensive Showline LCD menu system. The robust split yoke allows quick setup in any orientation, and the optional accessory holder allows the use of third party accessories to shape and control the beam.

Sh⊕wline SL PUNCHLITE 220

FEATURES

- Rugged construction
- 18pcs High Quality LEDs for exceptional output and color
- IP65 for wet locations and outdoor use
- Motorized optical system, featuring unmatched zoom range (8°- 40°) and HSIC (Hue, Saturation, Intensity, Colour Temperature) operation mode
- 8- or 16-bit DMX512-A operation for smooth stepless fades
- On-board LCD menu system for addressing and setup
- Remote configuration available via RDM
- 5-pin DMX512-A(RDM) in and thru connections

BENEFITS

- Double yoke for floor standing or hanging
- Silent passive cooling
- Harmonize color calibration
- IP65 power and DMX in/thru connections

HARMONIZE COLOR CALIBRATION TECHNOLOGY

At the heart of all Showline products is Harmonize Calibration technology. Harmonize is a proprietary, advanced LED color matching system, consisting of 3 correction modules: RGB, RGBW and Cool White/Warm White. Every Showline fixture undergoes rigorous testing to provide you with consistent control of color and intensity as well as output of the highest quality.
