

# CYCLOPS LIGHTING

**COMET 20000** is an extremely powerful fully equipped RGB laser projector with 20000mW diode laser source. It has a high speed scanner and is controlled over ILDA and DMX with preloaded patterns allowing it to create an unlimited variety of effects, graphics and aerial shows. This show laser is perfect for any large application, shows and productions.

**LASER** Source: 20000mW diode  
Red power/wavelength: 4000mW/638nm  
Green power/wavelength: 6000mW/520nm  
Blue power/wavelength: 10000mW/450nm  
Color mixing: RGB  
Safety class: 4  
Modulation: Analogue

**SCANNER** Scan system: ILDA 40K pps  
Scanning angle:  $\pm 30^\circ$

**CONTROL & PROGRAMMING** Control protocols: ILDA, DMX, Auto, Sound, Master-slave  
Internal patterns: 256  
Control channels: 16 CHs

**ELECTRICAL** Input voltage: AC100-240V 50/60Hz  
Power consumption: 320 watts

**CONNECTIONS** DMX Connections: 3 pin XLR In/Out male and female  
Power connections: PowerCon In

**PHYSICAL** Dimensions: 437 x 533 x 421mm  
Net weight: 35 Kg  
Color: Black  
IP rating: 20  
Operating temperature: 0°C/40°C
